

OUTBOARD MARINE FUEL HOSE

Recommended Use:

RX Outboard marine fuel hose is designed for use with outboard fuel applications with **PORTABLE OR ABOVE DECK MOUNTED FUEL TANKS** with exposed hose routing. **(Not to be installed below deck as fuel vapour will permeate through the PVC hose.)**

Features:

- ✓ PROUDLY AUSTRALIAN MADE.
- ✓ Resistant to E10, unleaded and diesel fuels.
- ✓ Excellent U.V. Resistance to withstand extreme Australian conditions.
- ✓ Great flexibility & kink resistance even at low temperatures.
- ✓ Metre marked for measuring and cutting ease.

Construction:

CODE	Nom I.D.	Nom O.D.	Stock Lengths
22FH8X50	8mm	12.5mm	50m Spool
22FH10X50	10mm	15.5mm	50m Spool
