

BLUE LINE METRIC PE100 POLY PIPE

Recommended Use:

A robust, corrosion resistant pressure pipe for conveyance of water in a wide variety of applications, available in a medium to high pressure ratings.

Features:

- ✓ Conforms to AS/NZS 4130 (Polyethylene pipes for pressure applications).
- ✓ High tensile strength and excellent U.V. stability.
- ✓ Blue stripe to signify for potable (drinking) water applications.
- ✓ RX Polyethylene pipe is manufactured from pipe grade, all virgin PE100 polyethylene compound with a design life of 50 years.

| Nom O. D. | Nominal Pressure Rating @ 20° C | | | | Stock Lengths |
|-----------|---------------------------------|---------|---------|---------|---------------|
| | PN8 | PN10 | PN12.5 | PN16 | |
| 16mm | N/A | N/A | N/A | 1600kpa | 50m & 300m |
| 20mm | N/A | N/A | 1250kpa | 1600kpa | 200m |
| 25mm | N/A | 1000kpa | 1250kpa | 1600kpa | 50m & 200m |
| 32mm | 800kpa | 1000kpa | 1250kpa | 1600kpa | 50m & 200m |
| 40mm | 800kpa | 1000kpa | 1250kpa | 1600kpa | 50m & 150m |
| 50mm | 800kpa | 1000kpa | 1250kpa | 1600kpa | 50m & 150m |
| 63mm | 800kpa | 1000kpa | 1250kpa | 1600kpa | 50m & 100m |
| 75mm | 800kpa | 1000kpa | 1250kpa | 1600kpa | 100m |
| 90mm | 800kpa | 1000kpa | 1250kpa | 1600kpa | 100m |
| 110mm | 800kpa | 1000kpa | 1250kpa | 1600kpa | 100m |

Note: this products is measured on the O.D.

Note: Lengths shown are for PN12.5 – Please ask about lengths for PN8 & PN10.

Note: Also available with Purple line for recycled water.

Custom longer length coils can be manufactured to order
