

GAL STEEL BSPM THREADED RISERS

RX Galvanised Steel Risers are cut from medium grade steel pipe and threaded with tapered BSP male ends. These risers are robust, corrosion resistant and more heat resistant to Polypropylene.

- ✓ Other Materials are available: Black Steel, Seamless Carbon Steel, 304 & 316 Stainless Steel.
- ✓ NPT threads available on request: to 4"
- ✓ Custom lengths available on request.
- ✓ Thread One End (TOE) Nipples available in varying lengths on request.

SIZE	STANDARD LENGTHS													
15mm (1/2")	100	150	200	250	300	450	500	600	750	900	1000	1200	1500	1800
20mm (3/4")	100	150	200	250	300	450	500	600	750	900	1000	1200	1500	1800
25mm (1")	100	150	200	250	300	450	500	600	750	900	1000	1200	1500	1800
32mm (1 1/4")	100	150	200	250	300	450	500	600	750	900	1000	1200	1500	1800
