

## POLYPROPYLENE THREADED RISERS

RX Polypropylene Risers are manufactured using only virgin Polypropylene polymer. Polypropylene has similar properties to PE Polyethylene but has better physical strength making it the ideal polymer to use for risers. These risers are robust, frost and corrosion resistant with excellent UV resistance.

- ✓ Male / Female BSP Ends available.
- ✓ Custom lengths available on request.

SIZE	STANDARD LENGTHS													
15mm (1/2")	100	150	200	250	300	450	500	600	750	900	1000	1200	1500	1800
20mm (3/4")	100	150	200	250	300	450	500	600	750	900	1000	1200	1500	1800
25mm (1")	100	150	200	250	300	450	500	600	750	900	1000	1200	1500	1800
32mm (1 1/4")	100	150	200	250	300	450	500	600	750	900	1000	1200	1500	1800
